- Waiting for Wings by Lois Ehlert

Activities:

-Mosaic Butterfly: Cut a piece of construction paper into a butterfly shape and then glue onto another piece of construction paper. Next cut or tear small pieces of paper from lots of different colored paper. Glue these little pieces along the wings to make a mosaic. Cut a pipe cleaner in half and then glue on to make an antenna.

-Act Out a Butterfly's Lifecycle: EGG -- Curl up like an egg on the floor. CATERPILLAR -- hatch from your egg and wiggle around on the ground like a caterpillar. Caterpillars are hungry so be sure to pretend to munch on some leaves! CHRYSALIS -- stand up and clasp your hands together about your head to hide in your chrysalis. BUTTERFLY -- emerge as a butterfly and flap your wings! This change from caterpillar to butterfly is called metamorphosis.

-Coffee Filter Butterfly: supplies need are coffee filter, washable markers, spray bottle with water, pipe cleaner, and wax paper. Watch Miss Jennifer's short video on how to make your unique butterfly: <https://youtu.be/dRel-OqO0zw>
